## 2017 Renewable Energy Projects

- Identified 20 additional CoGB sites for Solar.
- 10 solar sites to be built before 30th June 2017
- Electric Vehicle charging station network.
- Developing local small scale Solar Farm/s & microgrid network
- Plans to build a Renewable Energy Resource & Innovation Centre in Bendigo

# Tips

- Start small (20kW system approx \$20K)
- Do a “Behind the Meter” PPA
- Find Council or community sites  
(Aged care / medical centres etc )
- Find and use the resources kits
